Definition of a kick off

A kick-off will be taken from the centre of the field for:

- Start of the game
- Start second half (if applicable)
- After a goal has been scored
- Players of the opposing team must be seven (7) meters away.
- A goal may not be scored directly from any kick-off.
- A ball crossing over the touchline may be taken as a pass-in or dribble-in.
- Kick-off may be taken as a pass-in or dribble-in.

Procedure:

Before the kickoff at the start of the game

- The home team picks side to start and the away team gets ball at the start of the game. Second half the home team takes the kick-off.

Kickoff:

- After a team scores a goal, the kick-off is taken by the other team at half
- All players must be in their own half of the field except the player taking the kick-off and 7 meters away.
- The opponents of the team taking the kickoff must be 7 meters away from the ball until it is in play.
- The ball must be stationary on the center mark.
- The referee gives a signal to start.
- The ball is in play when it is touched by a player who can either pass or dribble

Definition of dropped ball

- A drop ball is a method of restarting play when, while the ball is in play, the referee is required to stop play temporarily for any reason not mentioned elsewhere in the Rules of Mini Soccer. Some examples of this are an injury or interference by an outside agent or the ball hits the referee and disrupts play.

Procedure

- The referee drops the ball at the place where the ball was located when play was stopped in given to the team who had possession at the time. unless play was stopped inside the penalty area, in which case the referee drops the ball to the keeper regardless of who had possession.
- All opponents must be a minimum of 3 metres from the ball until it is in play

Retreat Line(Retreat line rule is negated if the goalie or player plays quickly)

The Retreat Line will come into effect in the following 3 situations:

- A goal kick
- A free kick to the defending team within their own penalty area
- The goalkeeper makes a save and has possession of the ball in their hands

At these 3 restarts the opposing team is required to move beyond the Retreat Line, which is the following:

- The Retreat Line is a line that is **one third** of the way down from the goal line. If there is no line, cones off the field can be used.

On a goal kick or free kick the ball is in play when the first of the following occurs:

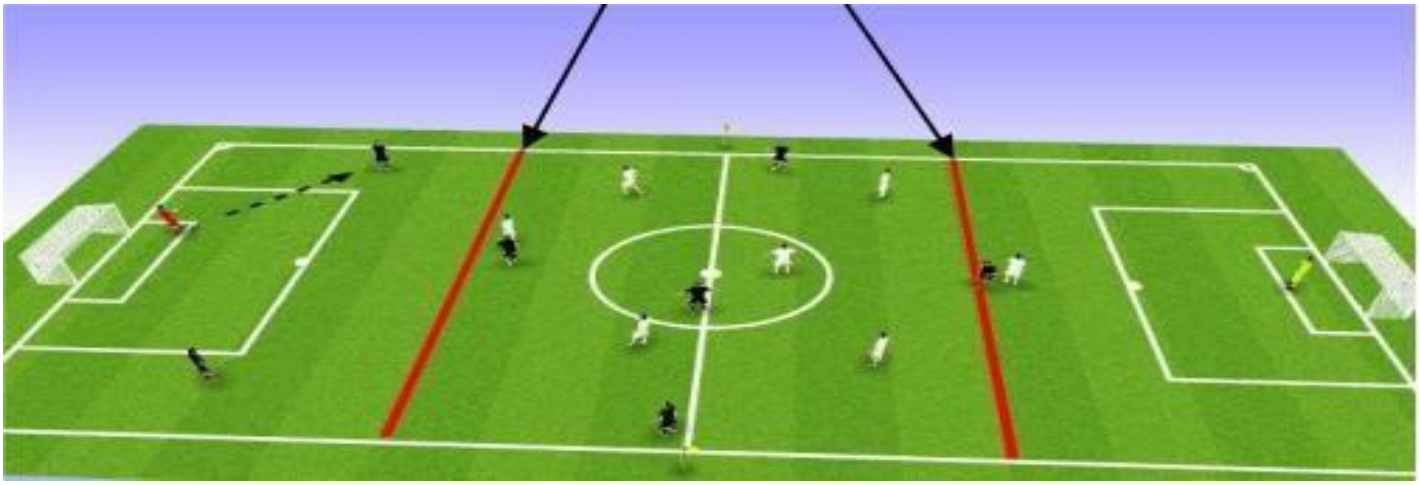
- The ball touches another player from the team taking the restart, apart from the player taking the goalkick or free kick
- The ball stops and has left the penalty area from a goal kick or free kick
- The ball crosses the Retreat Line
- The ball goes out of play
- The player (including the goalkeeper) begins to dribble the ball
-

On a goalkeeper save the ball is in play when the first of the following occurs:

- The goalkeeper, after making a save, kicks or throws the ball beyond the Retreat Line
- The goalkeeper, after making a save, releases the ball and it touches another player from the same team
- Begins to dribble the ball

- The goalkeeper, after making a save, puts the ball on the ground
- 8 seconds have passed-(which will be visually indicated by the referee with a visual 5 second countdown) . which will result in a corner kick/dribble in to the non-offending team. The 8 seconds will commence when all of the opposing team is behind the Retreat Line.
- The ball goes out of play

If an opposing player comes in from the Retreat Line AND interferes with play, the game will be stopped, and the restart will be a free kick to the non-offending team from where the player crossed the Retreat Line. For any infraction by the team taking the goal kick, free kick or a goalkeeper save when the Retreat Line Rule is in effect, the restart will be a corner kick/dribble (e.g. waited longer than 8 seconds to move the ball)



Kick-In or Dribble In

For any restart the ball can be kicked or dribbled in. F
or a goal to be scored, the ball must touch two players. The procedure is as follows:

- the ball must be stationary
- the ball is positioned as per the procedure under the relevant law number
- the ball is in play when it moves
- the minimum distance of opponents is a per the relevant law number

Law 9- Ball in and out of play

Ball not in play

The ball is not in-play when:

- It has wholly crossed the goal line or touch line whether on the ground or in the air
- Play has been stopped by the referee
- Ball hits the referee and alters the game. The drop ball will be given to the team who last had possession unless the ball was in the penalty area, in which case it will be given to the goalkeeper.

Ball in play

The ball is in play at other times, including when:

- it rebounds off the goal post, crossbar, corner flag post and remains in the field of play
- It touches a match official but does not change direction or possession.
-

Law 10- Method of scoring

- A goal is scored when the whole of the ball has crossed the goal line between the goal posts and under the crossbar, provided that no infringement of the 9 vs 9 modified laws of the game has been previously committed by the team scoring the goal.

Law 11

- **Offside:** There is **no offside** in this format.

- makes contact with an opponent before touching the ball
- handles the ball deliberately (except for a goalkeeper, within their own goal area)
- jumps at an opponent
- charges an opponent
- pushes an opponent
- holds an opponent
- spits at an opponent
- playing in a dangerous manner
- prevents the goalkeeper from releasing the ball from their hands or free kick in the penalty area
- touching the ball more than once from a restart except for dribble-in restarts

For any of the above offences an indirect free kick is awarded unless the offence is committed by the defending team in their own penalty area, in which case a penalty kick is awarded (see Law 14). The indirect free kick is taken from where the offence occurred (see Law 13)

If a player is playing roughly, the referee should request that the coach substitute the player and advise the player to play in a fair manner. Any player who spits at or strikes an opponent should take no further part in the game.

Goalkeepers:

- Have 8 seconds to release the ball from their hands, after making a save

- The referee will visually countdown the last 5 seconds with a raised hand

- For any of the above offences a corner kick is awarded to the opposing team

Law 13- Free Kick

- All Free kicks are indirect for this age group. A goal may not be scored directly from an indirect free kick or dribble in. The ball is in play once it is kicked or dribbling has begun and the ball clearly moves
- If an indirect free kick is kicked or dribbled directly into the opponents goal, a goal kick will be awarded to the opposing team.
- A player may dribble or pass the ball to another player before scoring
- All opponents must remain at least 6m from the free kick unless the Retreat Line is in effect
- The ball is in play when it moves. except when the Retreat Line Rule is in effect

Law 14- Penalty Kicks (the only direct kick in U10/U11 soccer) No dribbling in.

A penalty kick is awarded if a player commits an offence inside their penalty area. - can be taken quickly provided the requirements of law 8 are met

- Players of the opposing team must be behind the Retreat Line.

- A goal may not be scored directly from a goal kick.

Law 17-Corner Kick

- A corner kick will also be awarded if the goalkeeper does not release the ball from their hands after 8 seconds.

- A dribble in or a kick in can be used for a corner kick.

A goal cannot be scored directly from a Kick in or Dribble in. The ball must touch another player.
